

COMUNE DI PANTELLERIA

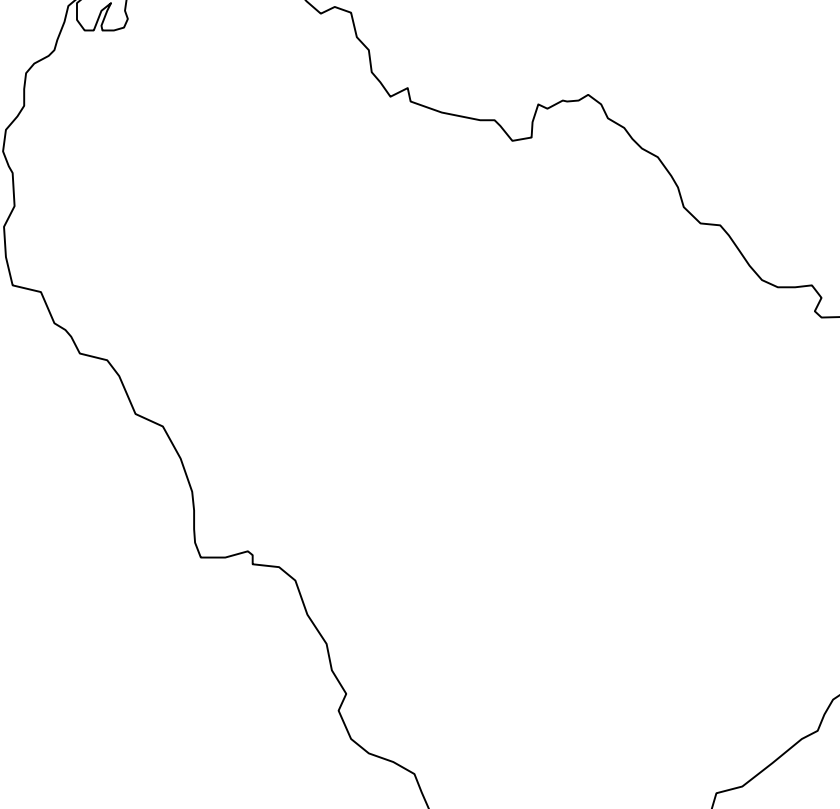

PIANO REGOLATORE DEL PORTO

The map illustrates the Port Regulation Plan for the Municipality of Pantelleria. It shows the harbor area with various piers, moles, and navigational channels. Key features include:

- Molo di Sopranutto**: A long pier extending from the top left towards the center.
- Molo Cidonio**: A pier located in the middle left section.
- Molo Naxos**: A pier extending from the center towards the bottom right.
- Molo di Sottoluffo**: A pier located in the top right section.
- Punta San Leonardo**: A point located on the right side of the harbor.
- Carburanti navali**: Naval fuels storage area.
- Area strutture ausiliarie di natanti e comprensive**: Auxiliary structures for boats and related.
- Scalo di alloggio**: Lodging pier.
- natanti da pesca**: Fishing boats.
- Natanti da diporto**: Pleasure boats.

The map also shows the town of Pantelleria at the bottom right, with buildings and streets. Various depth markers and elevation points are indicated, such as (-10.00), (-6.00), (+1.60), and (-4.50). The map uses different colors and line styles to delineate various zones and structures.
